2021 is the year to support local!

Marketing your brand to key audiences

We believe it is a strategically important opportunity for you to promote and sell your products and services to a key target market. The Expo will be supported by a strong marketing campaign including print media, online and poster activities. We will also provide exhibitors with opportunities to promote their brands both in the lead up to and during the expo. We will highlight your attendance at the Expo by providing you the opportunity to advertise your business (including your description and your web page or Facebook page) via our Facebook page and website.

In 2018 the parent and child expo launched it's website, all exhibitors and sponsors will be listed and updated yearly with links to websites and/or Facebook pages, this year we intend to grow on that and include all donations and silent auction items and an interactive site layout so people definitely won't miss you! We will provide both electronic copies of advertising material for use in newsletters, websites, Facebook etc as well as paper copies of posters and fliers for you to display. Another advertising and marketing option is to advertise in our expo feature in the local newspapers and other advertising. Please enquire for further details on Expo advertising opportunities.

Goodie Bags

The Goodie Bags, given out on arrival to the Expo, will provide another excellent marketing opportunity. As an Exhibitor, we would like to invite you to supply a sample or discount voucher of your product or service accompanied by your companies advertising. Numbers are strictly limited. 350 samples/ discounts coupons and advertising flyers will need to be supplied. If you are not an exhibitor, then a fee of \$50 applies depending on the donation made, please enquire.
